June 14, 1946

PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## Pastors Changed By Conference

Two changes were made in the ministry assignments at local churches at the Florida Methodist Conference in Daytona Beach last weekend. Rev. C. T. Howes, formerly of Key West, was appointed pastor of the Pahokee Methodist Church, replacing Rev. T. A. Ferguson who was placed in charge of the Chatahochee Methodist Church in the Tallahassee district. Rev. W. T. Blair was named pastor of the Canal Point Methodist Church, replacing Rev. Oliver Hatfield who was transferred to the Sellers Memorial Church in Miami. Rev. J. O. Jameson was retained as pastor of the Belle Glade Methodist Church.

Regarding the whereabouts of former Methodist ministers of this area: Rev. Merritt O. Slawson is still serving as chaplain in the U. S. Army Air Corps. Rev. James Edward Statham, who served as chaplain in the Army Air Corps during the war, is now chaplain at the Veterans Hospital at Lake City. Rev. Joe A. Tolle is at Bradenton; Rev. Fred L. Martin is at Live Oak; Rev. J. P. Gaines, Buchanan and Rev. J. A. Hendry, Jacksonville.

## Government Helps Save Late Spuds

The last carload of this season's potato crop from the Glades area, left here Saturday to signal the end of the harvesting and shipping of vegetables from this section on a commercial scale until next autumn.

All that is left now are a few scattered cuttings of celery and some spot picking of eggplant. A total of 8,827 carloads of produce left the south Lake Okechobee area this season, while the north end of the lake section shipped out 3,697 to make a total of 12,524 carloads shipped from the Everglades section. A heavy volume was also shipped to mid-Western markets by truck.

This total of shipments is by far the largest ever reached here. Plans for next season are now being set up by the Florida vegetable committee under the direction of President L. L. Stuckey of Pahokee.

Other local men on the committee are James A. Ball, who heads the bean unit and R. Y. Creech, who is head of the cabbage division. Allan Markham of Okechobee City is in charge of the canner program and A. Duda of Belle Glade is the Glades representative on the celery committee.

## SALARIES RAISED

The salaries of Pahokee city employees have been raised as follows: H. J. Schroder, \$40.38 a week; Harry Sheppard, \$40.38 a week; H. C. Graham, \$42.70 a week; Mrs. H. C. Graham, \$150 a month; City Attorney Thadd Whidden, \$100 a month.

## LADIES NIGHT PROGRAM

Pahokee Lions will conduct their annual ladies night program in the Woman's Club building this Friday evening at 8 p. m. New officers will be installed. Monty of the Miami Daily News will be guest speaker.

## Pahokee Speeders Will Be Nabbed

Pahokee Police Chief Altman Morgan issues fair warning to drivers of cars with improper lights! Beginning today his patrolmen have instructions to "bear down" on motorists who step on the gas too heavily. One-eyed car drivers will come in for their share of grief when the police come in contact with them. Mr. Morgan said.

The chief was emphatic when he said: "Beginning Friday of this week, we are going to bring speeding to a halt. Improperly lighted cars must be kept off the streets. All patrolmen have been instructed and the drive begins Friday."

## Sand Cut Store Under New Owner

Mr. and Mrs. H. G. McGouirk have sold their Mack's General Store at Sand Cut to W. A. Connell, former Pahokee dairyman who has lived in Tallahassee for past few years.

Mr. and Mrs. McGouirk have operated a grocery and general store at Sand Cut area since 1934. They plan to continue making their home in that area where Mr. McGouirk will devote his entire time to his cattle ranch. Mr. Connell took possession of the store the first of the week.

## Madison New Home Of Waring Family

Mr. and Mrs. Ben S. Waring and children, Howell, John, Rosa Mabel and Martha Ann, moved this week to Madison, Fla. The Waring family have been residents of Pahokee for the past 15 years and during their residence here Mr. Waring, a former member of the City Council, has been active in civic and church affairs.

Mr. Waring plans to devote considerable portion of his time in the Glades to operating his hamper, crate and fertilizer business. During his periods of absence George B. Ramey will be in charge of his business interests here.

## Havana Flight From Tampa Is Planned

TAMPA—National Airlines may begin non-stop flights between Tampa and Havana as early as August 1, George T. Baker, president, announced last Saturday.

Planes to be used on that route, he said, will be four motored, 46-passenger DC-4s. Buccaneers like those already linking Tampa with New York and New Orleans.

National also plans, Baker said, a non-stop flight from New York to Havana in six and a half hours.

The National Airlines president said he conferred a few days ago with Cuban officials relative to airport, office and radio facilities needed in Havana by National.

## PAHOKEE WINS

The Pahokee base ball team played Morrison Field last Sunday and won 12-5. Another game is scheduled for Sunday afternoon with the same team and the game will be played at the White Migrant camp.

## 100 Children Are Enrolled Vacation Bible School

The Vacation Bible School at the Pahokee First Baptist Church got under way Monday morning with an enrollment of 100 children and 50 more expected to join the school's activities before the week ends. The first day was devoted to the making of school hats, Bible drills and group singing. Handicraft work will also be taken up as materials become available.

The school this year has a teaching staff of 15. Rev. Carl A. Moberg is general superintendent; Mrs. F. G. Gillis, nursery superintendent; Mrs. Stella Mullis, beginners superintendent; Mrs. Willie Kemp, primary superintendent; Mrs. Marvin Unwin, juniors superintendent and Mrs. C. A. Moberg, intermediates superintendent.

## Co. Veterinarian Works The Glades

Dr. Paul A. Ramey, County Veterinarian, and some of the USDA Bureau Animal Industry have been in the Glades area of Palm Beach County two days a week for the past two weeks, testing family milk cows for TB and Bangs Disease, inoculating horses against brain fever and tetanus and doing other veterinary work that is needed.

So far, we have tested or treated 218 animals and have as much work lined up for Friday, June 14th as we can cover. However there are some areas that we have not worked in and we have missed quite a few animals in the area worked over. If you have work to do this kind that needs attention, will you please call the Agricultural Extension Service office, 285, Belle Glade and leave your name and the animals you want treated or tested or you can write a card to the Extension Service, Box 664, Belle Glade. This will be a great help in planning the days work for the next week or two and prevent us from passing up someone we do not know about.

We have also arranged with Dr. Rainey to give us a day or two in the Glades inoculating dogs against rabies so if you will let us know about your dogs, we will set a day sometime in the near future for inoculating dogs and ask all dog owners to bring their dogs to some convenient place where Dr. Rainey can inoculate them rapidly and not have to lose time going to the different homes.

The cow testing program is furnished free from public funds and enables you to safeguard the health of the family by knowing that you are using milk from healthy cows.

Hog cholera serum is furnished free and the charge for inoculating dogs against rabies will be very small if we can arrange to have them all brought in to one place.

We will probably not have the opportunity to have these men again in this area for this program until about this time next year so it will be advisable for you to take advantage of this opportunity.

## Wildlifers To Meet In Pahokee June 21

An organization meeting of the Pahokee-Canal Point Wildlife League will be held Friday night, June 21, at the city hall in Pahokee and all interested persons are urged to be in attendance. Special guests will be present to talk in behalf of wildlife conservation. The local unit will be affiliated with the county unit, according to Harold Rosenberg, who is working in behalf of a good attendance on June 21.

## Bids Received On TB Sanitarium For Palm Beach Co.

Two resolutions to accept a bid of \$141,000 for the proposed new tuberculosis hospital by the Arnold Construction Company were passed Monday by the County Commission.

The only other bid, by Watt and Sinclair Construction Company, was for \$156,000. One resolution is to accept the Arnold base bid of \$88,975 on the sanatorium and a base bid of \$52,628 for the service building was accepted by the other resolution.

However, both resolutions have contingent clauses which call for a check first with the State comptroller for his approval of the transfer of budget funds as well as the legality of certain transfers under the budget laws of the State of Florida.

Arnold's bids have the provision that work will begin in five days and will be completed as rapidly as possible.

## 60,000 Barrels Oil From Florida Well

TALLAHASSEE—Florida's only producing oil field, at Sunland, on the edge of the Everglades, has yielded more than 60,000 barrels of oil since the first successful well was completed in 1944, State Geologist Gunter reported last week.

Until May 1, when Humble Oil's biggest well came in, the Sunland field had produced 59,231 barrels from two holes. The third well has been yielding about 200 barrels a day since then. They are the only three producing wells in the state.

Gunter's periodic report on petroleum exploration showed that eight wells now are being drilled, locations have been picked for three new ones, operations have been suspended on five and three have been completed since mid-April without production.

H. G. Williams, president of the Gulf - Atlantic Transportation Company, announced this week that plans for the establishment of a ferry service between Key West and Havana cannot be put into operation "until late fall" owing to strikes and shortages of material.

The Florida Railroad Commission will hold a series of hearings in Miami and Homestead starting June 11 and continuing through June 17. Application for a colored bus line between Homestead and Miami, Miami Beach Airline Service and Florida Transportation Company applications will all be heard during this period.

## State Market Road Gets New Surface

The state market road running 2.2 miles from the Stuckey railroad crossing to the Florida Power and Light plant office is being resurfaced this week by R. B. Tyler Construction company. This road was taken over by the State Road Department for maintenance at a meeting of the board in Daytona Beach last August when County Commissioner Paul Rardin appeared before the state group and asked them to take it over for maintenance.

Shortly after the state road took the short piece of road, Rardin sought to have it resurfaced. A promise was secured from the board by Rardin that it would get its new coat of tar and rock this summer in time to be ready for the fall vegetable deal. The contractor on the job this week is full proof that another promise has been fulfilled.

## New Mortician At Berry Funeral Home

Sam Berry, new owner of the Berry Funeral home in Pahokee, this week announces that he has secured a new mortician, Thomas Baldwin of Miami, to come to Pahokee and take charge of the funeral home. Mr. Baldwin has been associated with funeral homes in Miami for the past ten years. He and Mrs. Baldwin will move to Pahokee to make their home.

## Nazarene Vacation School Starts June 26

Attention—All boys and girls 4 years up to 16 years of age! We have a great treat in store for you at the Nazarene Daily Vacation Bible School. Rev. and Mrs. Luther Shaw will be here from Oklahoma with their Felt-O-Graph, illustrated Bible Verses, lots of new choruses and many other interesting things. It will begin Wednesday, June 26, at 9 o'clock A. M. All children invited.

## Processed Ramie Shipped From Glades

The first shipment of processed ramie from the new plant of the Florida Ramie Products, Inc., has been made. President A. C. Kidd announced Monday.

He said a larger shipment of the fiber would be made later this week.

Kidd said the plant was not yet in full production but that each shipment would show an increase "until we have reached capacity production."

## BAPTIST CHURCH

Six fathers, oldest, youngest and of the most children, members and non members of the church, will be given special recognition at the morning service Sunday, Father's Day, First Baptist Church of Pahokee. The Class Quartet will sing. At the evening service, eight thirty, the choir will be composed of men. A special "request" program will be presented by the Class Quartet, accompanied at the piano by the pastor, Rev. C. A. Moberg.

## Safety In The Water

Pointing out ten precautions which would be taken by everyone going into the water, Warren Smith, YMCA athletic director, adds significantly that everyone should learn to swim. The list of countless drownings among persons who never learned to swim strongly indicates that merely not going swimming is no adequate safeguard.

Too many boys who can't swim go sailing, canoeing or rowing. Too many more fall into the water from docks, bridges, or large boats. Too many go wading in the ocean, only to step into a hole, get dragged out to sea by the undertow. By far the best precaution against drowning is to learn how to swim well, and then observe the following rules:

- 1—Never go swimming alone. Even a good swimmer can get into trouble—and if he is alone, there will be no one to aid him or go for help.
- 2—Never go swimming at an unguarded spot. The safest swimming places are beaches or pools adequately protected by skilled lifeguards. The most dangerous are docks, piers, river banks or other unguarded spots.
- 3—Never dive into strange waters. You don't know what is on the bottom and might crack your head on hidden rocks, get stuck in the mud or run into other dangers. Slip into strange water carefully and explore it before doing any diving.
- 4—Don't show off in the water. Many an innocent prank has had fatal results, particularly if in deep water or swift currents. Besides being dangerous, a showoff is annoying to other swimmers and spoils their fun.
- 5—Don't attempt a rescue unless you are a strong swimmer. Every year many lives are lost because weak swimmers' noble impulses overcome their discretion.
- 6—If you have been exercising or working, be sure to cool off before plunging into cold water. Cramps result from over-exertion or sudden changes of temperature.
- 7—Don't rock the boat. This is old advice, but it is still sound. Fooling around in a small boat or canoe is a frequent cause of accidents. If you can't swim, stay out of smallboats.
- 8—Pay strict attention to all warning signs. They were not put up by busybodies, but by authorities who had your personal safety in mind. Don't go beyond the safe limits marked by ropes or other boundaries.
- 9—When swimming or rowing with the tide or current, keep in mind that it will be "uphill" and twice the work coming back.
- 10—Know your limitations. Don't try to swim across a lake or river just because someone dares you.—Sanford Herald.

## TOO LATE TO CLASSIFY

(By Russell Kay)

Last week, at the invitation of Mr. William F. Rolleston, vice president and general manager of Marine Studios, I attended the formal opening of this famed Florida attraction. For the first time since the war, the three huge tanks have been restocked with menhaden of the deep and the "City of Fish" functions again as the only attraction of its kind in the world.

Although I was among those who attended the official opening in 1938 and had visited Marine Studios on numerous occasions during the period it was operated prior to the war, I found this amazing exhibit just as interesting and entertaining today as it always was in the past.

I never tire of watching the constantly changing scenes that unfold in this underwater theatre as every kind and variety of salt-water fish from giant sharks, por-

poise, tarpon and Rays to tiny schools of grunts and sailor's choice join in presenting a piscatorial panorama that is never ending, never over and never twice the same.

Star performers in the underwater drama staged in the great circular oceanarium are the friendly, frolicsome porpoise. These mammals compare with a dog in intelligence, quickly adapt themselves to their new environment when transferred from open sea to the tanks and in a few weeks develop a showmanship and stage-presence that would put the seasoned entertainer to shame.

At feeding time they leap in the air in a graceful spiral to snatch a fish from the hand of an attendant or race at express train speed across the tank to capture a morsel tossed to it.

In sharp contrast to these eager, friendly entertainers, the big tiger sharks and whiptails slink about the tank, their wicked little eyes gleaming and awesome bridgework on display.

Great sea turtles, their huge shells covered with moss, paddle about, pausing now and then to stare disdainfully at the simple human folk who peer curiously at

them from the security of a glass porthole.

Silly cow-fish and pop-eyed toad-fish saunter by with the nonchalance of a Murad addict, but if you watch them closely you will find that they are ever alert to the dangers that surround them and are careful not to be caught jay-walking when Mr. Shark or Mr. Barracuda have the right-of-way.

A few moments in front of the tank containing the octopus causes one to wonder what fantastic mental state Mother Nature must have experienced to cause her to bring into existence such a gruesome and unholy creature as this.

Whether your stay at Marine Studios is measured in minutes or hours, you will find all of them filled with thrilling experiences as you drink in visual education concerning a strange and unknown world that science, engineering and master artisans have made available to us.

But its service to Florida as an outstanding tourist attraction is only one of the functions of this remarkable institution. Of even greater value is its contribution to science. Knowledge gained here of the habits and life cycles of all types of underwater life has proven of untold value to Conservation authorities, commercial fishing interests and biologists. Thanks to the facilities of Marine Studios, man for the first time has been able to witness the birth of sea-mammals. Here it is possible to learn of the diseases that attack marine life and determine

how these can be counteracted.

Designed especially for underwater photography, the studios enable motion picture as well as still photographers to secure pictures that prior to the establishment of this institution were impossible to obtain.

It is doubtful if the people of Florida really appreciate the value of this institution to the state from the standpoint of national publicity and advertising. Since it has been in operation, feature stories and pictures of Marineland and Marine Studios have been published in thousands of newspapers and magazines while millions of foot of movie film have told its story to additional millions. Radio, too, has played a part as many network broadcasts have originated here and always Florida is directly benefited for it is a Florida attraction. No other state can offer a competitive exhibit to match it, so we are fortunate that our state was selected as the site for

this interesting and worthwhile enterprise. As citizens of Florida we may well "Salute" Marine Studios and point with pride to its achievement.

## CARD OF THANKS

We desire to thank our many friends for their acts of kindness and their words of comfort during the illness and death of our father and husband. We shall always remember these kind acts and hold them dear in our memory.

Mrs. M. Garrett and Family.

The Florida Railroad Commission will hear in Tampa June 24 an application of the Transit Lines of Fort Myers to transfer its certificate to the Transit Operating Company, also of Fort Myers. J. A. Whiting, president of Tamiami Trails Tours, is president of the Transit Lines and Kenneth A. Bryan and Lydia W. Bryant are shown as operators of the Transit Operating Company.

## SPEAKING of Big Jobs

When you set out to provide telephone service to rural dwellers over an area of hundreds of thousands of square miles in nine states, you've got a REAL JOB!

No one knows this better than your telephone company, nor is there anyone more eager to see farmers have telephones.

We're hard at the job, using the best equipment and "know-how" that years of Bell System experience and research have been able to devise. Southern Bell trucks and men are becoming a more and more frequent sight on the rural roads of the Southeast.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY  
INCORPORATED

I am deeply grateful to those who voted for me and supported my candidacy for Justice of the Supreme Court in the recent Primary.

PAUL D. BARNES

## Cinematic Chatter

By Malcolm Millar

With lovely, and talented, Deanna Durbin as the girl in the case, artistic Charles Laughton as the Broadway "ham" actor and talented Franchot Tone as the "wolf" in pursuit of the "fair maiden", "Because of Him", which is to be screened at the Prince Theatre this Sunday-Monday, would be one of the most delightful romantic comedies you have sat through in "a spell."

Tuesday-Wednesday comes a "glorified" Western, with a story as big as the picture and a cast able to unpeel the story to the satisfaction of all who attend the theatre on the nights of its screening.

Here is the cast: Alan Curtis, Lon Chaney, Noah Berry Jr., Martha O'Driscoll, Jess Baker, Thomas Gomez, John Littel and Kent Taylor. . . All of them listed as stars. The picture:—"The Daltons Ride Again." The story is another episode in the lives of the worst renegades of their times, the No-

torious Daltons.

Thursday-Friday brings "pert" little Vernonia Lake, "popular" Sonny Tufts and Joan Caulfield in "Miss Susie Slagle's", which is a story many of you have read and wanted to see on the screen. It is the story of the "coming up" of young doctors, and it deals with their hopes, loves and adventures in a manner that makes this one of the most interesting story's we have screened.

Saturday rolls around and the double featured program, with "Sing your way Home", as the principal picture. This one has Jack Haley, Marcy McGuire, Glenn Vernon and Donna Lee, with a host of other musical stars, telling a story of high-jinks and unrestrained hilarity which is bound to please all comers.

The Western picture on this program is Jimmy Wakely and Lee "Lasses" White in "Riders of the Dawn", which is a story of high adventure in the old West.

See you at the movies—Mal.

## Maxson - Pertillo

Roy Maxson, son of Mr. and Mrs. N. V. Maxson of Canal Point, has gone to California to marry Miss Doris Pertillo of Merced, Calif. The wedding was scheduled to take place in Merced last weekend.

The bride is a trained nurse and became acquainted with Mr. Maxson while he was stationed at Merced Field during the war. He was in the Army Air Corps four years, receiving his discharge last December. The couple plan to make their home in Merced.

## State Highways 60 Pct. Inadequate SRD Head Says

TALLAHASSEE — Florida's highway system is 60 per cent inadequate, F. Elgin Bayless, Chairman of the State Road Department said today. He pointed out that most of the state road system was built in "the prosperous '20's to specifications of slower speeds" and that thousands of miles have worn out.

"Every citizen of Florida has a direct personal interest in the State highway system," Chairman Bayless said. "The people of Florida own motor vehicles on a ratio of one to every 3 1/2 persons, which means that the entire population could ride comfortably at one time. This year our people will travel in motor vehicles 6 1/2 billion vehicle miles or far enough to take the whole population of the State to California and back, then to Chicago and back—with enough miles left over for us all to go fishing by car."

Floridians spend more than a quarter of a billion dollars a year operating motor vehicles, Chairman Bayless said, and derive benefits from paved roads in safer and cheaper transportation of passengers, fruits, vegetables, farm and forestry products and manufactured goods, and from the travel of tourists who pay 15 per cent of the gasoline tax.

"Good roads," he said, "are an economic necessity. We have saved and we are saving billions of dollars on account of the improvements already made but we are losing the savings that would be available if we had a better highway system."

"Every citizen would profit from the reconstruction of Florida's highways, replacing timber bridges, reducing the angle of curves, widening narrow roads and replacing worn out surfaces. To build and rebuild the state system throughout to meet actual needs would cost \$166,000,000."

"The Road Department has embarked on a program of meeting that goal within a minimum of elapsed time, taking into consideration the difficulties of highway construction and unavoidable delays in obtaining materials. For this year we have set up a \$40,000,000 program, which includes maintenance."

"Any fund not expended this year should be carefully preserved and carried over so that the program may be pushed ahead just as rapidly as conditions permit. With the balance saved during the period of wartime scarcity of materials and manpower and with the present anticipated revenues from the gasoline tax, we may look forward to completion of a large part of the necessary work within a few years."

Chairman Bayless pointed out that each dollar spent on the State system of highways and streets goes farther than a dollar spent on county-maintained roads and city-maintained streets.

"The average mile of state maintained rural highway carries 880 vehicles a day but the average mile of county-maintained road carries but 50 vehicles a day. State maintained city links carry 2,450 vehicles a day on the average mile but city-maintained streets carry only 790 vehicles a day on the average mile," he said.

"Average mile load of the whole State system is 1,060 vehicles a day—more than four times the traffic load of combined city and county systems, 235 vehicles a day. The state system, therefore, with only 9.3 per cent of the urban traffic and 83 per cent of all rural traffic at a daily average load four times that of the city and county systems."

Bayless said that 85 per cent of the people of Florida live within one mile of a state maintained highway or street. Only four incorporated communities are not served by a state highway and three of these are within one mile of a state road. Fewer than 10 per cent of rural Floridians, he

said, live more than five miles from a state road.

"Nothing must be permitted to interfere with completion with minimum delay of a modern state highway system," Chairman Bayless said. "Every available dollar will be needed for this purpose within a short time."

Industry is moving to small towns, declares Roger William Riss in the Reader's Digest for June, "and small towns, aware of their advantages, are advertising

them and dangling them before industry with such added inducements as tax-free or rent-free facilities, even offers of prepaid moving expenses."

Peanuts have become a basic agricultural commodity which yielded more than \$200,000,000 last year to southern farmers and is one of the most profitable of all southern crops. Peanut acreage has increased 50 percent since 1940.

## Make Plans To Study Citrus Disease

TALLAHASSEE — The Florida State Plant Board agreed last Saturday to put \$20,000 into a cooperative plan with the State of Texas and the Florida Citrus Commission to send a staff of scientists to South America for study of tristeza, a mysterious citrus disease.

The board acted after receiving an opinion from Attorney General Tom Watson that the expenditure for research in a foreign nation is authorized by state law. Chairman J. Thomas Gurney said he hoped to have the plan under way by next month.

Tristeza is a disease which during the past three years has destroyed orange groves over a wide area of Argentina, Uruguay and Brazil. Scientists have been unable to learn its cause or a means of preventing its spread.

The State of Texas agreed to match the Florida allotment for conducting the study, and the Florida Citrus Commission has tentatively offered to put another \$20,000 into the venture.

## MANY NEW ELKS

MIAMI BEACH — Reporting to the 40th annual convention of the Florida State Elks Association, J. Frank Onstot, president of Tampa, states that membership in Florida Elks Lodges has increased more than 2000 during the past year, bringing the total to more than 14,000 members. The lodges raised more than \$55,000 for the Harry-Anna Crippled Children's Home at Umatilla, he said. Two new lodges are now being organized, one at Leesburg and the other at Wauchula.

## NOTICE

Notice is hereby given that the City Council of the City of Pahokee, Florida, will on Tuesday the 25th day of June, A. D. 1946 sit as a Board of Equalization for the purpose of equalizing the assessments of real and personal property lying in the City of Pahokee, Florida, subject to taxation for the year 1946. Any person desiring to contest or aggrieved at such assessment may be heard on said date.

Witness my hand as City Clerk of the City of Pahokee, Florida, pursuant to ordinance No. 25 of said City, this 25th day of May, A. D. 1946.

## Lake Wales Plans 4th Of July Show

LAKE WALES — With aerial stars from all sections of the country signed up, a joint committee of the Lake Wales National Aeronautic Association, the American Legion and Veterans of Foreign Wars is completing final arrangements for the biggest Fourth of July Air Show ever staged in this area.

Beverly Howard, national low acrobatic champion will be a star attraction. Other famous flyers booked for the show are Clem Whittenbeck, inverted flight champion, "Bugs" Thompson, Army acrobatic star, Betty Shel-

ton, outstanding female flyer and many others. Parachute jumps will be featured with W. F. Britt booked for a delayed jump that promises to be a thriller.

An airplane show will be staged in conjunction with the meet and visitors will have an opportunity to view the latest in civilian military aircraft and accessories.

A water festival and beauty contest will also be featured. The event promises to be the outstanding Fourth of July attraction in this part of the state and a record breaking crowd is expected.

Mrs. W. E. Blackwell, daughter of Mrs. A. M. Andrew of Canal Point, is now in Mississippi with her husband, Cpl. Blackwell who is in the hospital.

## Golf Tourney To Be Held In Lakeland

LAKE LAND — Seventy-two holes of medal play over the Cleveland Heights course here are in store for entrants in the eleventh annual Florida State Golf Association Junior Tournament, June 21 and 22. It was announced by the Lakeland Junior Chamber of Commerce, which is sponsoring the event.

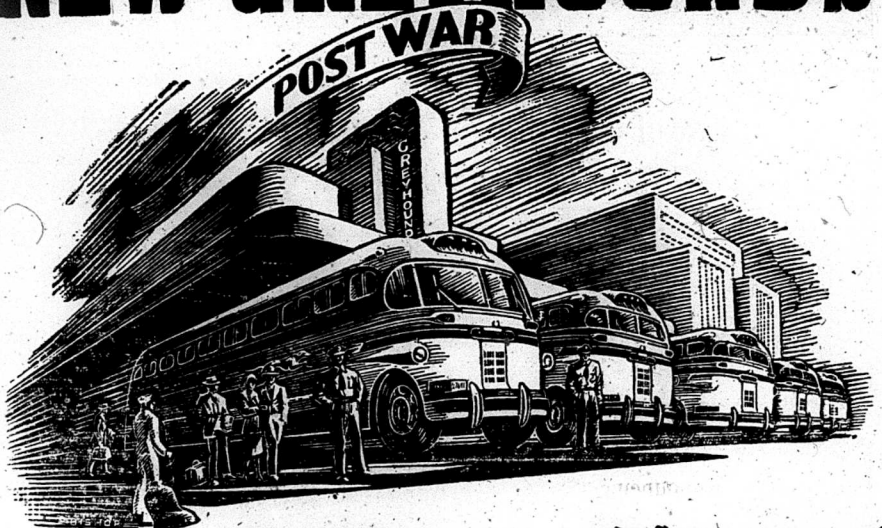

Entries are limited to boys 18 years old or younger, with the young golfers being required to appear before the eligibility committee, with credentials from their home clubs or Junior Chambers of Commerce not later than the day

before the tournament begins. Trophies will be presented to the medalist, the winner over the 72 hole route and the runner-up. Clarence Martin of Tampa won the Junior Tourney when it was last held—in 1942.

Scarce high grade soaps and soap flakes can now be made from household waste fats and other crude grease, as a result of a new bleaching process developed by the Mathieson Alkali Works.

The National Association of Manufacturers has expressed its approval of the creation of a National Science Foundation to procure full development of this country's scientific and technical resources.

# NEW GREYHOUNDS

# They're Here!

## ★ FULLY AIR-CONDITIONED

Assuring patrons just the right temperature for comfort regardless of conditions outside.

### WCS MET MONDAY

Members of the Pahokee Methodist WCS at a meeting at the church Monday afternoon voted to prepare lunch for Rev. and Mrs. Ferguson on Tuesday with Mr. and Mrs. H. J. Anderson acting as hosts. A gift of \$25 was presented to Mrs. Ferguson. Rev. and Mrs. Ferguson moved Wednesday to the parsonage of the Chattahoochee Methodist Church where Rev. Ferguson has been transferred.

It was announced that Mrs. Jess M. Elliott and members of her Christian social relations committee will make arrangements for welcoming the new pastor, Rev. C. T. Howes, and family upon their arrival here today.

### REV. WALTER CROSS FILLS PULPIT

Rev. Walter Cross of Belle Glade will fill the pulpit of the Canal Point Methodist church at 8 p. m. Sunday. Rev. Cross is a former Canal Point boy and has many friends in this area who will want to hear him.

### NEW USSC HEAD VISITS

CLEWISTON—Forest P. Tralles, St. Louis attorney who last week was named president of the United States Sugar Corp., has left for his home after a week spent here inspecting the large sugar, starch and cattle properties.

Mr. Tralles said he was favorably impressed by the outlook for the agroindustrial center built here around the various Everglades enterprises of the sugar company and by the character of the key operating personnel he found. No changes in personnel are contemplated, he said.

Buying power of Floridians will reach some \$2,075,000,000 in 1946, the Florida State Chamber of Commerce reported in last week's business review.

MAIN STREET BELLE GLADE, FLA.

# Where little children cry from hunger—

**S**OMEWHERE, halfway across the world, two little children cry bitterly from hunger. Children cannot understand the why of hunger—they know only the gnawing pain, the piteous weakness. A heartbroken mother listens helplessly.

Their only hope—and the hope of millions like them—is that Americans will not be complacent in a starving world . . . that you will share the abundance that is yours.

You are pledged to "Share a Meal Every Day," to help supply starving people with fat and wheat products. But the need for all foods is so desperate that you're asked to do more . . . to give money to buy food, or give food in tin cans, and to give generously!

**Where the food you give will go.** Contributions of canned foods will be distributed free in war-devastated countries on the basis of greatest need.

**Why food must be in tin cans.** Food in tin cans can be handled safely for distant shipments and travel over difficult roads.

**Why the need is so desperate.** The battles that brought us victory scourged most of the countries that fought as our allies. The worst drought in fifty years followed the war. Crops failed throughout Europe and Asia. 500,000,000 men, women, and children are hungry and starving.

## WILL YOU GIVE THAT THEY MAY LIVE?

### HERE'S WHAT YOU CAN DO!

#### 1. GIVE MONEY.

More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.

#### 2. GIVE FOOD IN TIN CANS.

Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!

Mr. and Mrs. J. N. Jones of Belle Glade announce the birth of a son, Craig Francis, at the Everglades Memorial Hospital on June 6.

### TAKES NEW POSITION

Maurice Fletcher, formerly faculty member at the Pahokee high school and a veteran of three years in the German and French war sectors, has accepted a position as assistant pay master for the Okeelanta Growers and Processors Corporation on Road 26.

## Woman's Club Installs Officers

Newly elected officers of the Pahokee Woman's Club were installed at a meeting in the clubhouse Friday night as follows: Mrs. Leon Spooner, president; Mrs. Lewis Friend, first vice president; Mrs. R. J. Schroder, second vice president, with Mrs. W. A. Cross acting as proxy; Mrs. J. C. Schoepel, recording secretary; Mrs. A. E. Morgan, corresponding secretary; Mrs. Louis Davis, treasurer; Mrs. J. M. Elliott, auditor and Mrs. J. R. York, parliamentarian, with Mrs. John Dragon acting as proxy. Mrs. H. C. Graham was installing officer.

Both the incoming and outgoing

officers were presented with corsages. Mrs. Sadie Barwick, retiring president, received a beautiful fountain pen as a gift from the club.

The clubhouse was decorated for the affair with red roses and ferns. Mrs. Orin Bacon played several piano selections and the group honored Mrs. Graham on her birthday anniversary with the singing of the "Happy Birthday" song.

Mr. and Mrs. O. R. Bleach, Mr. and Mrs. John T. Pickett, Sr., and Mrs. Bacon were guests

## Warings Honored At Buffet Supper

Mr. and Mrs. Seth Roberts entertained with a chicken buffet supper at their home on Canal Point Road Saturday evening, honoring Mr. and Mrs. Ben S. Waring who moved with their family this week to Madison, Fla. Bouquets of spring flowers were used for decorations and Mrs. Waring was presented with a lovely red rosebud corsage.

Other guests were Mr. and Mrs. I. W. Weeks, Mr. and Mrs. Wiley Tillis, Mr. and Mrs. George B. Ramey, Mr. and Mrs. Jess M. Elliott, Mr. and Mrs. J. V. Thomas and P. P. deMoya.

Automatic heating controls which eliminate much of the guesswork in bright leaf tobacco curing, will be installed in approximately 25,000 of the South's 290,000 curing barns this year, according to Minneapolis-Honeywell Regulator Company.

Mrs. Claude S. Jones is in Miami this week visiting her parents, Rev. and Mrs. S. B. Jordan. Rev. Jordan is recuperating from a recent operation.

## Many Counties To Raise Teacher Pay

TALLAHASSEE—The state department of education has found through a survey of Florida's 67 counties that school teachers in 41 counties will receive an average 10 per cent salary increase for the 1946-47 school year.

Rates of increase in counties reporting ranged from 30 per cent in Polk county to 5 per cent in Suwannee, Bradford, Taylor and Hendry counties.

Ten counties—Dade, Bay, Duval, Escambia, Liberty, Okeechobee, Orange, Palm Beach, Union and Volusia—said they were not yet ready to report on possible increases.

Fifteen counties—Baker, Broward, Columbia, DeSoto, Gilchrist, Jefferson, Levy, Monroe, Okaloosa,

Osceola, Pasco Santa Rosa, Sumter, Walton and Washington—reported that no salary raises were contemplated.

Those counties in which increases will be provided plan to raise their portion of the boost from race-track revenue or by increased general millage levies.

### MEN'S BIBLE CLASS

The splendid average of fifty in attendance for the Pahokee Men's Bible Class continues to be the joy of the group, with 56 present last Sunday. This Sunday, Father's Day, will find the class quartet presenting a special program. The three oldest fathers present will be recognized. The teacher, Rev. C. A. Moberg, will speak on the subject, "Father." A most cordial invitation is extended to all unfiliated men of this area, service men in and out of uniform and visitors. The class meets at 9:45.

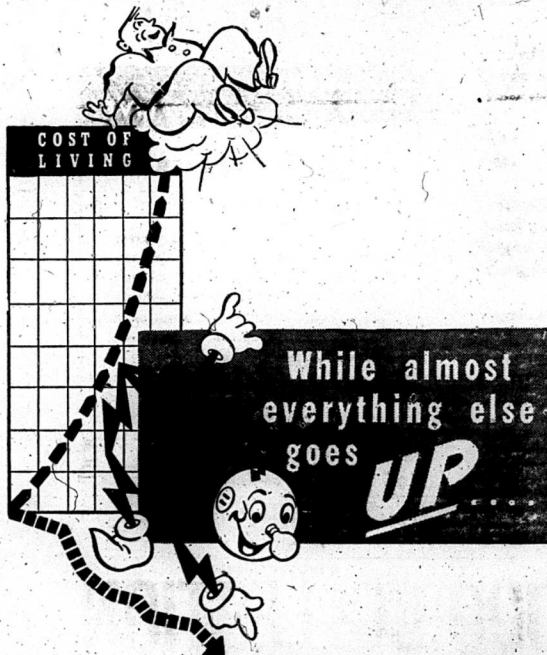

## JUNE 30 A BIG DATE FOR ARMY MEN!

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946.

If you have been discharged from the Army and wish to reenlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

## Personal

Mrs. J. R. York and grandsons, Berry and John D. Roach, left this week to visit her son-in-law and daughter and the boys' parents, Mr. and Mrs. Browning Roach, in Maryville, Tenn.

Harry Freeman, state road inspector, spent the weekend in Miami visiting his wife.

Miss Betty Speer has completed her Junior year at Florida State College for Women, Tallahassee, and is spending a couple of weeks at summer camp before coming to Pahokee for a visit with her parents, Mr. and Mrs. H. L. Speer.

L. L. Stuckey and J. M. Elliott are attending a vegetable growers' meeting in Orlando this week.

Yvonne Fraser left this week for Mont Verde to spend six weeks at the summer camp there.

Mrs. B. Elliott and children are spending two weeks' vacation at Surf cottages, Palm Beach.

Miss Betty Jean McLarty and Miss Nell Latham, students at Florida State College for Women, arrived home this week for their summer vacation. On their way here they spent a week visiting Mr. and Mrs. William Barnett in Quincy, Fla.

Chuck Elliott is visiting Mrs. H. T. Bass in Okaloosa this week.

W. H. Webb, Jr., chief electrician's mate in the U. S. Navy submarine service, returned to his station at New London, Conn., Wednesday after spending a six-day leave in Pahokee visiting his parents, Mr. and Mrs. W. H. Webb, Sr. He was accompanied here by his wife who remained for an extended visit with her parents, Mr. and Mrs. John Kautz.

Mr. and Mrs. Boyd Vorhees and son are moving from Pahokee into the residence in Canal Point formerly used as a guest house by the U. S. Sugar Corporation.

Miss Louise Sims, student at Florida State College for Women, is visiting relatives in Jacksonville for a few days before returning to Canal Point to spend the summer with her parents.

Jerry Tillman and Jimmy Roach of Miami were guests of David Ramey in Pahokee the past week.

Mrs. H. L. Jaudon and son, Roger, and Mrs. L. L. Tillis and children spent the past week in Dover, Fla., visiting their mother, Mrs. Carrie E. Rogers.

Mrs. Dan Jordan and children and her father, Charles Barfield, of West Palm Beach are visiting his mother, Mrs. Sarah Barfield, and sister, Miss Lulu Barfield, in Pahokee this week.

Mr. and Mrs. Elmer Jones and children, Sylvia and Myra, left Monday to spend a two months' vacation at Pompano Beach.

Miss Betty Jean Fountain has

returned to her home in Georgia after a week's visit with her brother and sister-in-law, Mr. and Mrs. Myers Fountain, and Mrs. Pauline Rice in Pahokee.

Mr. and Mrs. Leon Guthrie and children, Carol Jo and Eva Gail, have returned to their home in Pahokee after spending several months in South Carolina where Mr. Guthrie was employed in the vegetable deal in the vicinity of Charleston.

Mr. and Mrs. Ollie Mack Murphy spent the weekend in Miami visiting his parents, Mr. and Mrs. E. O. Murphy.

H. G. McGouirk was called to Laurel Hills Tuesday by the critical illness of his mother, Mrs. H. F. McGouirk, who is 82 years old.

Mrs. R. W. Sanders underwent a tonsillectomy at St. Mary's Hospital, West Palm Beach, this week.

John H. Adams of Oakland Calif., has arrived here for a visit with his brother-in-law and sister, Mr. and Mrs. H. C. McGouirk at Sand Cut and brothers, Dan, Lunice and W. J. Adams of Pahokee.

This is Mr. Adams' first visit to Florida.

Mr. and Mrs. N. V. Maxson and son, Ralph, left Sunday for a visit

with relatives in Mobile, Ala., West Point, Miss., Blainsville, Ind., and Coal City, Ill. While away they expect to attend a family reunion of the Maxson family at Coal City and a family reunion of Mrs. Maxson's relatives, the Littell family, in Plainsville. They expect to be gone three weeks.

Mr. and Mrs. Albert Fremd and son, Harry, are leaving this week for a visit with relatives in Montana. Their daughter, Miss Irene Fremd, who has been employed in Brazil, S. A., for the past several months as flight instructor for Brazilian Air Cadets, expects to return to the United States soon and will probably join her parents and brother somewhere enroute while they are on their vacation. They expect to visit in California of their way home.

Miss Flora Mary Weeks, a student at the Nurses' Training School, Duke University, Durham, N. C., arrived in Pahokee this week to spend a vacation with her parents, Mr. and Mrs. I. W. Weeks.

Mr. and Mrs. N. A. Springer and daughter, Anna, were called to Pensacola Friday by the death of Mrs Springer's sister, Mrs. Ada Knowles.

Mr. and Mrs. Norwood Guthrie and family of Miami visited his parents, Mr. and Mrs. I. S. Guthrie, in Pahokee Sunday. They were accompanied home by Norwood's daughter, Marcia Jean, who lives with her grandparents.

Mr. and Mrs. David Jones and son of Arcadia spent Sunday visiting her brother-in-law and sister, Mr. and Mrs. Claude Jones in Pahokee, and his mother in Canal Point.

Miss Sara Sanders, daughter of Mr. and Mrs. R. W. Sanders, returned to her home in Palm Beach this week from Good Samaritan Hospital where she has been ill for the past few weeks.

The Gertrude Shirley Circle, Pahokee Methodist WSCS, will meet at the church recreation hall on Monday, June 17, at 8:30 p. m. Mrs. M. I. Keen will act as hostess and Mrs. I. J. Frasure, Jr., co-hostess.

Miss Marion Stokes will spend the month of July in West Palm Beach where she will review her commercial studies at Bell Iles Commercial college.

Charles Stokes is spending several weeks with his kinfolks in Tallahassee and Waukennah.
